

# SPOTIFY CAMP NOU, FC BARCELONA

LIMITED EDITION

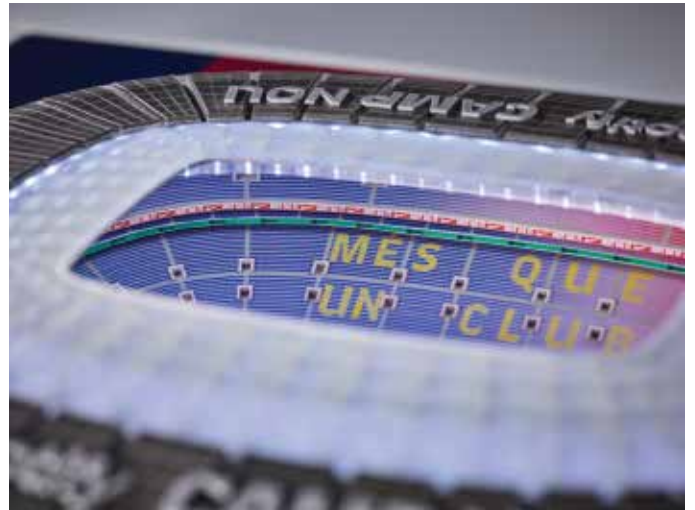

## SPOTIFY CAMP NOU, FC BARCELONA, SPAIN

The iconic Spotify Camp Nou, home to FC Barcelona, is one of the largest and most prestigious stadiums in the world. This detailed miniature of Camp Nou perfectly captures the atmosphere of this iconic stadium, even in its current phase of renovation.

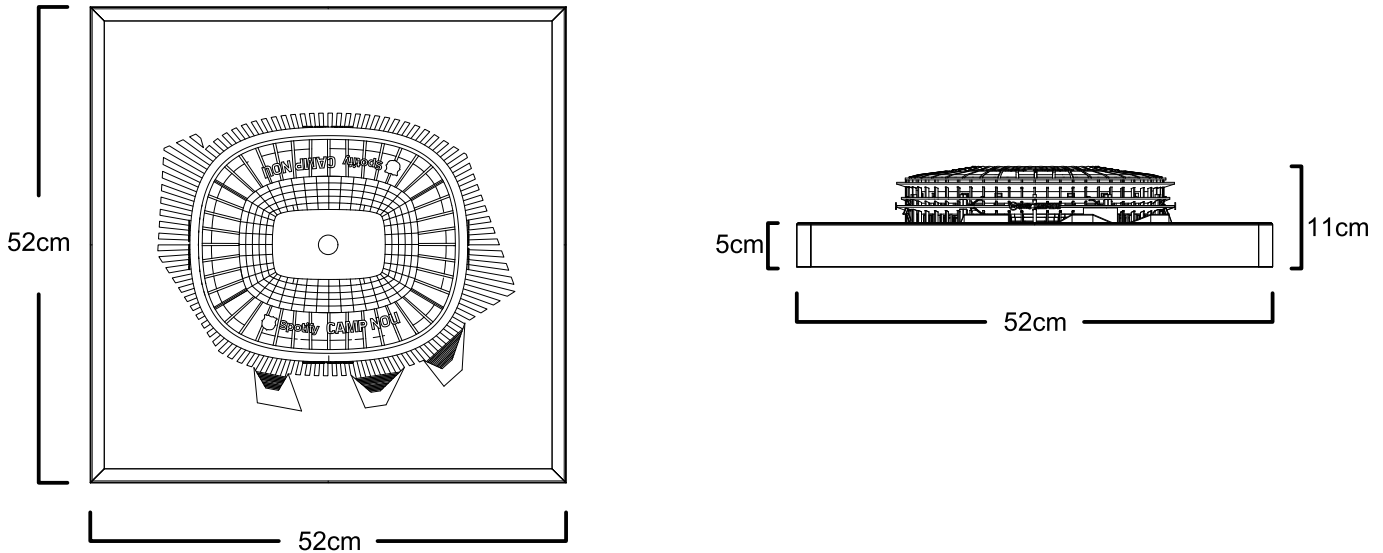

Opened in 1957, the stadium has witnessed countless historic moments since its inception. Originally with a capacity of 99,000 spectators, Camp Nou will increase its capacity to 105,000 in 2026, following the completion of current renovations. This transformation, part of the ambitious Espai Barça project, will make the stadium the largest football stadium in Europe. Although the new Camp Nou is not yet fully completed, the engineers at Stadiums For Ants have recreated the design in meticulous detail, paying special attention to the futuristic lighting effects that capture the magic of the stadium. These effects bring the iconic atmosphere of Camp Nou to life, even in miniature form, from the vast stands to the massive translucent façade.

The stadium is deeply connected to the rich history of FC Barcelona and the legendary Johan Cruyff, who scored his most iconic goal against Atlético Madrid in 1973. Since then, Camp Nou has been the stage for many great victories and home to undeniable football legends like Ronaldinho, Messi, Iniesta, and Xavi Hernández. The atmosphere in the stadium, where the famous club anthem “El Cant del Barça” echoes before every match, is indescribable.

## SIZING

Dimensions: 55 cm x 55 cm x 11 cm  
Weight Premium Edition: Approx. 8 kg

### Material:

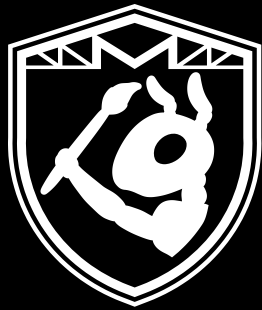

Base Plate – Acrylic  
Frame – Solid Wood  
Stadium – 3D printed parts, created with various technologies  
Decals – PVC-free stickers  
Lighting – LED strips  
Power Supply – USB cable, wall adapter not included

Stadiums For Ants uses advanced LED techniques to realistically light their miniature stadiums. The field lighting is provided by precise (white) LED spotlights, creating a lifelike appearance on the field. Around the stadium, diffused ambient lighting creates a natural, atmospheric glow. The entire setup runs efficiently on 5 volts and is powered directly via a wall adapter, ensuring stable and safe energy supply.

### Maintenance:

Frame/Plate – Clean with a dry cloth, no cleaning products

Stadium – Do not clean the stadium itself. Only use compressed air to remove dust
